

NUEZRA

Growth Through Smart Solutions

FOR IMMEDIATE RELEASE:

Delicious food, state of the art technology, and prizes: An afternoon put together to help you improve your business

Santa Clara, CA July 22, 2011 – A backyard style BBQ with a chance to view some of the latest technology solutions from Nuezra, Cisco, Dell, Talari, and QTS.

Nuezra will be hosting their annual event called Ribs n' Routers on July 22, 2011 from 11-4:00 p.m. It's a chance for many of the big named companies to get together and showcase some of the latest technology solutions. It's on a Friday afternoon and lunch will be served including ribs, Portobello mushrooms, and south bay areas well known Treatbot will be making an appearance for desert.

Registration is free and open to company managers, anyone part of an IT team, office staff members, or anyone interested in information to take away on how to improve business performance and output.

Each host will be raffling off prizes throughout the afternoon including: \$100 Amazon Gift Card, \$100 Visa Gift Card, 16GB iPad 2, Southwest Tickets and more.

As these companies live in the heart of the Silicon Valley, they understand that community involvement and charity is very important. This year at Ribs n' Routers, Silicon Valley Education Foundation (SVEF) will be there to inform attendees about what they do for the community. There will also be a chance to make donations so that they can focus on raising student performance in the critical areas of math and science across all 33 Santa Clara County school districts. Each host will be contributing to SVEF and Nuezra is said to match the amount raised.

Michael Nguyen, CEO of Nuezra, said "I'm really excited about the event this year. Most certainly thrilled at the chance to meet a diverse range of businesses and introduce this new product of ours. What's more to be able to showcase how our solution can be a real benefit to them."
