

Weekly Digest

Back 2 School!

August 31st, 2020

Culture *during COVID-19*

Have you visited [Google's Arts & Culture page](#) recently? It brings experiences from around the world to your fingertips. They even have augmented reality options! Play with transforming your selfies into art, visit different sites in Peru and Brazil, discover iconic moments from Black History with photographer Misan Harriman, and so much more!

Reader Survey!

Now that the new school year is underway, we'll be revamping the Weekly Digest and would love to get your input around what you like most & least about the Weekly Digest and if you have any suggestions for new content. The deadline for submitting your responses is next Monday Sept 7th. [Access the anonymous survey here.](#) Thank you for your feedback!

Check this Out!

Need a good laugh? From slick "Moonwalk" footwork to intense head twitching, these hilariously ["Outrageous Ways Birds Dance to Impress Their Mates"](#) will put a smile on your face.

Be thankful that you're not visiting one of these ["extremely awful places"](#) across the globe. Check out some spectacular images of fascinating environments and ecosystems that create beautiful but unpleasant destinations.

Why would farmers want to paint **eyes on cow butts**? Well, turns out a recent study "confirms that painting eyes on cow butts helps ward off predators." Check out [this Ars Technica article](#) for more.

*Happy Pic
Of the Week*
